

October is Give Methow Month

THANK YOU TO ALL WHO HAVE DONATED TO THE COMMUNITY CENTER IN THE MONTH OF OCTOBER!

Our Future

We have a big project ahead of us. We are undertaking an energy retrofit to this building by installing an electric heating, ventilation, and air filtration system. We will insulate the building, stop using fuel oil for heat, and create a smoke-free space in the summers for exercise and safe play during wildfire season. We want to take care of our environment and the air we breathe. We hope you will be a part of this endeavor. Stay tuned for more. Our biggest goal is to keep this building in good shape for the next generation. We appreciate your ideas and involvement. Thanks from all of us for your generous donation.

Did you know?

- We currently use a Kewanee boiler that is named "Bertha". It was fitted with triple burner designed by Kagi of Spokane. It burns recycled motor oil.
- Every December, Hank and Judy Konrad donate space in their parking lot for us to sell Christmas trees. Thank you Hank and Judy!

What is Give Methow?

Give Methow is an annual online fundraising campaign in October supporting over 40 nonprofits in the Methow Valley. Hosted by CFNCW at www.GiveMethow.org, donors can contribute a minimum of \$10. Donations made on Mondays and contributions to the stretch pool enter donors into a \$500 giveaway for their chosen nonprofit.
